PROFESSIONAL SUMMARY

Results-driven Senior Full Stack Developer and Technical Team Leader with 9+ years of experience building scalable web applications and leading high-performing engineering teams. Expert in React.js/Next.js, Node.js, modern web technologies, and agile development methodologies. Proven track record of driving strategic initiatives, optimizing team performance, and delivering enterprise-level solutions. Strong background in recruitment, mentorship, and cross-functional collaboration.

TECHNICAL SKILLS

Frontend
React.js, Next.js JavaScript (ES6+), HTML5, CSS3, Redux, TypeScript, Responsive Web Design

Backend & Tools
Node.js, RESTful APIs, Git, CI/CD, Agile/Scrum, Project Management, PHP, Laravel, MySQL

Leadership
Team Management, Performance Monitoring, Strategic Planning, Stakeholder Management

Other
System Architecture, Code Review, Technical Documentation, Quality Assurance, Legacy System Migration

PROFESSIONAL EXPERIENCE

Senior Team Leader, *BlockChain Dev* 08/2024 – Present
Remote

- Lead a cross-functional engineering team, implementing performance monitoring frameworks that identified improvement areas and increased team productivity by establishing data-driven corrective measures.
- Manage the end-to-end recruitment lifecycle, including technical interviewing, candidate evaluation, and onboarding processes, successfully building high-performing development teams.
- Develop and execute strategic initiatives to accelerate business growth, collaborating with stakeholders to align technical roadmaps with organizational objectives.
- Drive technical decision-making and architecture discussions, ensuring the scalability and maintainability of blockchain-based solutions.

Senior Software Developer & Team Leader, *Doyenhub Software Solution* 11/2021 – 07/2024
Surat, Gujarat, India

- Led a team of 8+ developers, conducting performance evaluations and implementing mentorship programs that improved code quality and reduced bug rates by 35%.
- Collaborated with internal teams and external vendors to deliver product enhancements, managing project timelines and ensuring on-time delivery of 15+ major features.
- Established a metrics-driven performance tracking system to identify underperforming areas and implemented targeted improvement strategies.
- Maintained high customer satisfaction through professional service delivery while balancing technical excellence with business requirements.

Senior Software Developer, *Earnfinex Limited* 09/2020 – 10/2021
Remote

- Drove strategic technical initiatives that advanced organizational vision, contributing to company growth and operational efficiency improvements.
- Designed and implemented scalable architecture solutions focused on performance optimization, profitability, and long-term maintainability.
- Delivered comprehensive weekly project reports to senior management, ensuring transparency on project milestones, blockers, and technical decisions.
- Collaborated with product and business teams to translate requirements into robust technical solutions.

Software Developer, *Interstellar Consulting GmbH* 05/2019 – 08/2020
Bengaluru, Karnataka, India

- Spearheaded the migration of legacy systems to modern React-based frameworks, reducing operational costs by 40% and significantly improving application performance and user experience.
- Implemented comprehensive testing strategies and iterative updates, ensuring software reliability and reducing production incidents.
- Partnered with cross-functional teams including designers, product managers, and QA to identify software requirements and translate complex business needs into scalable technical solutions.
- Contributed to architecture decisions and established coding standards that improved team efficiency.

Software Developer, *M1C IT SOLUTIONS* 07/2018 – 03/2019
Bengaluru, Karnataka, India

- Developed new software functionalities from conception to deployment, participating in the full software development lifecycle.
- Ensured alignment between technical implementation and client vision through regular stakeholder communication and requirement gathering.
- Collaborated in design reviews, implementation, testing, and delivery phases to produce high-quality software products.

EDUCATION

Master of Computer Applications (MCA), Computer Science, 2017 – 2019
Jain (Deemed-to-be University) Bengaluru, Karnataka
CGPA - 8.1, 3rd Rank

Bachelor of Computer Applications (BCA), Computer Science, 2014 – 2017
Bhagwan Mahavir College of Computer Application

CERTIFICATIONS & ACHIEVEMENTS

- Certificate of Achievement for Top Rank in Web Designing
- Recognition for Technical Excellence in Event-X Competition
- Specialized training in React.js, Project Management, and Team Leadership methodologies
